

## Fact sheets

Below is the current list of fact sheets written by our President, Ray Broughton:

1. Pruning principles
2. Moss control in lawns
3. Ponds and water plants
4. Allotment holders
5. Quick cook composting
6. Making nutrient balls to feed hedges and trees
7. Making liquid fertilizer from nettles

All of these are available to club members.

For copyright reasons they are not available on-line. If you would like an electronic or hard copies, please request via the contact page of this website:
